**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I worked for over 15 years at the largest cable company in the US. Since then I have been their customer and the experience was disappointing to say the least.

Two years ago, Sonic announced that they would begin serving my town (Brentwood CA). I've been their customer since the first chance I had to sign up for their service.

Here's what I want you to understand.

Sonic provides a better level of performance, a higher quality of customer experience and all for a significantly lower price. My neighbors have all switched and we're all happy with the service we get and the cost of what we're getting.

If you like competition, innovation, and high quality service you would choose the service I now enjoy.

Please leave this company, and those who compete as they do, alone to continue their great work on behalf of consumers who need a fast connection at a fair price.

Thank you.
